

FOOD ALLERGY AND RELIGIOUS DIETARY INFORMATION

The foodservice department at Hawk Mountain Scout Reservation is committed to insuring that your son has the best meals that we could provide. We understand that many children are allergic to foods that we use everyday in our kitchen. Because we are committed to serving your child, we are implementing a food allergy and religious dietary need information sheet. A scout should always be reverent, so we are also implementing this form for those scouts that must follow dietary guidelines of their religion.

If your scout has any allergies to food, please complete the form below. This form is very important to the foodservice department. We want everyone to have enough food. In order for the scout to have adequate food, we need to know if there are any allergies we need to work around. It is also very important for us to know if the scout has a severe allergy, so that we may ensure the scout does not come in contact with that particular food. Please take the time to answer the few questions below. Sign and return the form no later than two weeks prior to your camping week. Mail the form to: **Hawk Mountain Council, 5027 Pottsville Pike, Reading, PA 19605.**
